MATERIAL SAFETY DATA SHEET

1.Identification 1.1GHS Product identifier Chrysin, 98% Code C 2294				
2.Hazard identification 2.1Classification of the sub Not classified. 2.2GHS label elements, in Pictogram(s) Signal word Hazard statement(s) Precautionary statement(s) Prevention Response Storage Disposal 2.3Other hazards which do none	cluding precautionary statements No symbol. No signal word. none) none none none none			
3.Composition/information 3.1Substances	on ingredients			
Chemical name	Common names and synonyms	CAS number	EC number	Concentration
chrysin	chrysin	480-40-0	none	100%
If inhaled If breathed in, move perso In case of skin contact Wash off with soap and pla In case of eye contact Rinse thoroughly with plen If swallowed Never give anything by mo 4.2Most important sympton no data available 4.3Indication of immediate no data available	y first-aid measures this safety data sheet to the doctor in attendar n into fresh air. If not breathing, give artificial re- enty of water. Consult a physician. ty of water for at least 15 minutes and consult a buth to an unconscious person. Rinse mouth wi ms/effects, acute and delayed medical attention and special treatment neede	espiration. Consult a physician. a physician. ith water. Consult a physician.		
5.2Specific hazards arising no data available 5.3Special protective actio Wear self-contained breatt 6.Accidental release meas 6.1Personal precautions, p Use personal protective ec Evacuate personnel to saft 6.2Environmental precauti Prevent further leakage or 6.3Methods and materials	esistant foam, dry chemical or carbon dioxide. g from the chemical ns for fire-fighters ning apparatus for firefighting if necessary. ures orotective equipment and emergency procedure uipment. Avoid dust formation. Avoid breathing e areas. Avoid breathing dust. For personal pro	g vapours, mist or gas. Ensure ade otection see section 8. er drains. Discharge into the enviro		oided.

7.Handling and storage

7.1Precautions for safe handling

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Avoid exposure - obtain special instructions before use. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. 7.2Conditions for safe storage, including any incompatibilities Store in cool place. Keep container tightly closed in a dry and well-ventilated place.

8.Exposure controls/personal protection

8.1Control parameters Occupational Exposure limit values

no data available

Biological limit values

no data available

8.2Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday. 8.3Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection

Safety glasses with side-shields conforming to EN166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU). Skin protection

Wear impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique(without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it. Respiratory protection

Wear dust mask when handling large quantities.

Thermal hazards

no data available

9. Physical and chemical properties Physical state beige powder Colour no data available Odour no data available Melting point/ freezing point 284-286\u00a0\u00b0C(lit.) Boiling point or initial boiling point and boiling no data available range Flammability no data available Lower and upper explosion limit / flammability no data available limit Flash point no data available Auto-ignition temperature no data available Decomposition temperature no data available no data available pН Kinematic viscosity no data available Solubility no data available Partition coefficient n-octanol/water (log value) no data available Vapour pressure no data available Density and/or relative density no data available Relative vapour density no data available Particle characteristics no data available 10.Stability and reactivity 10.1Reactivity no data available 10.2Chemical stability Stable under recommended storage conditions. 10.3Possibility of hazardous reactions no data available 10.4Conditions to avoid no data available 10.5Incompatible materials no data available

10.6Hazardous decomposition products no data available

11.Toxicological information Acute toxicity Oral: no data available Inhalation: no data available Dermal: no data available

Skin corrosion/irritation no data available Serious eye damage/irritation no data available Respiratory or skin sensitization no data available Germ cell mutagenicity no data available Carcinogenicity no data available Reproductive toxicity no data available STOT-single exposure no data available STOT-repeated exposure no data available Aspiration hazard no data available					
12.Ecological information 12.1Toxicity Toxicity to fish: no data available Toxicity to daphnia and other aqua Toxicity to algae: no data available Toxicity to microorganisms: no data 12.2Persistence and degradability no data available 12.3Bioaccumulative potential no data available 12.4Mobility in soil no data available 12.5Other adverse effects					
scrubbing. Do not contaminate wat Contaminated packaging Containers can be triply rinsed (or	v removal to a licensed chemical destruction plant or by contro ter, foodstuffs, feed or seed by storage or disposal. Philippines Inventory of Chemicals and Chemical Substances (PICCS)	
Vietnam National Chemical Inventory	Not Listed.
Chinese Chemical Inventory of Existing Chemical Substances (China IECSC)	Not Listed.

Section 16: Other Information

Section 16: Other information This safety data sheet should be used in conjunction with technical sheets. It does not replace them. The information given is based on our knowledge of this product, at the time of publication. It is given in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose other than that for which it was intended. This does not in any way excuse the user from knowing and applying all the regulations governing his activity. It is the sole responsibility of the user to take all precautions required in handling the product. The aim of the mandatory regulations mentioned is to help the user to fulfill his obligations regarding the use of hazardous products.
